Mobile: 0953 322 1608 | Email: gomezraizendan@gmail.com | Portfolio: <https://enzo0gomez.github.io/portfolio/>

PROFESSIONAL SUMMARY

BS Information Technology graduate with experience in IT support, networking, and full-stack web development. Skilled in React.js, Tailwind CSS, Supabase, PostgreSQL, PHP, MySQL, HTML, CSS, JavaScript, and Cisco networking. Experienced in providing technical support, system troubleshooting, and developing responsive web applications. Eager to contribute as an IT Support, System Support, or Full Stack Web Developer.

EXPERIENCE

DNA Solutions - Innovation Group — Full Stack Web Developer *July 27, 2026 – Oct 10, 2026*

- Developed and enhanced the Dating App and Website using React.js, React Native, Tailwind CSS, Supabase, and REST APIs, contributing to matching, user profile, and application workflows.
- Implemented and integrated rules-based AI matching and automation features, including compatibility scoring, personalized conversation starters, geographic midpoint and venue recommendations, and trust/safety workflows.
- Developed the Self-Service POS and Branch Management System, supporting sales, inventory, expenses, attendance, RBAC, offline-first transactions, cloud synchronization, and branch-level operations.
- Collaborated with the development team using Git/GitHub, handling feature branches, merges, debugging, responsive UI fixes, testing, and deployment/release preparation.

BlackFiber Communications Corporation — IT Intern *Feb 9 - Apr 24, 2026*

- Provided technical support for hardware, software, and network issues.
- Installed and configured Windows operating systems.
- Worked with Odoo ERP, and basic Python and TypeScript.
- Assisted in system administration and network troubleshooting.

PROJECTS

Point of Sales Website

- Integrated Cash and Scan-to-Pay workflows, sequential thermal receipt and kitchen prep printing, branch-specific QR codes, discrepancy auditing, and PDF/CSV reporting.
- Implemented offline-first order processing with IndexedDB/local caching, cloud synchronization, and automated inventory/packaging deductions for Dine-In and Take-Out orders.
- Developed a self-service POS and multi-branch management system with sales, inventory, expenses, attendance, and role-based access control (RBAC).

Level-Match Dating Apps and Website | Play Store | Live Website | GitHub

- Developed a dating platform using React.js, React Native, Tailwind CSS, Bootstrap 5, and Supabase, supporting web and mobile user experiences.
- Implemented a structured, rules-based AI matching engine that evaluates dimensional compatibility and applies a 75% mutual compatibility threshold to curate user matches.
- Developed AI-assisted features for personalized conversation starters, geographic midpoint and venue recommendations, and trust/safety automation including content moderation and anomaly detection.

Personal Portfolio Website

- Developed a responsive personal portfolio website using React.js.
- Designed and organized sections to showcase projects, technical skills, and professional information.
- Deployed the portfolio website using GitHub Pages.

Capstone: Maternal and Neonatal Healthcare Information System

- Built a healthcare information system using PHP, MySQL, HTML, CSS, JavaScript, and Tailwind CSS.
- Developed modules for patient profiling, scheduling, billing, and reporting.
- Implemented database-driven workflows for managing maternal and neonatal healthcare information.

CORE SKILLS

- Front-End Development: React.js, React Native, Vue.js, TypeScript, HTML, CSS, JavaScript
- Database & Back-End: PHP, MySQL, Supabase
- APIs & Tools: REST APIs, Git/GitHub, Android Studio

- Hardware Troubleshooting
- Technical Support
- Cisco Networking: VLANs, IP Addressing
- Odoo ERP
- UI/UX Design: Figma, Canva
- Basic Python

EDUCATION

Bachelor of Science in Information Technology (BSIT)

University of Rizal System - Binangonan Campus, 2022 – 2026

Mobile Application & Web Development

STI Tanay Campus, 2020 - 2022

CERTIFICATIONS & TRAINING

- Python Essentials 1 — Cisco Networking Academy
- Networking Devices and Initial Configuration — Cisco Networking Academy
- Networking Basics — Cisco Networking Academy
- Computer Hardware Basics — Cisco Networking Academy
- Computer Systems Servicing COC I & II — TESDA
- Gen AI to Z: A Career Summit — David M. Consunji Theater, ICE, UP Diliman
